5.2.1 ENVIRONMENTAL POLICY

The company management is responsible for the fact that it is made known, understood and implemented throughout the company by means of the notice boards in the departments.

The Environmental policy of Feller UK is as follows:

Feller (UK) Ltd is fully committed to preventing pollution and to comply with all relevant environmental legislations, regulations and other environmental requirements.

It is our policy to:

- Minimise the use of energy, water and natural resources
- Minimise waste through prevention, re-use and recycling where possible
- Dispose of waste safely and legally
- Avoid the use of hazardous materials, where practical
- Work with environmentally responsible suppliers
- Prevent environmental damage and minimise nuisance factors such as noise and air pollution

We will define environmental objectives, targets and improvement actions that are related to this policy and to our significant environmental aspects. We will regularly evaluate progress.

We are committed to providing relevant environmental training and promoting environmental awareness to employees, and where appropriate, to suppliers and to communicating our environmental performance.

We will implement processes to prevent environmental non-conformities and to ensure that we are prepared to deal with potential environmental emergencies.

This policy will be annually reviewed and updated to take account of organisational priorities and changes, environmental legislation and best practise.

The Environmental policy is available to all relevant interested parties, as appropriate.
